Solidarity through a digital view: through its participation the volunteer will contribute to the development of a solidarity community. Activities under this project will focus on the use of digital technology, which means that an international volunteer will gain some skills and knowledge of using digital equipment. The use of cameras and digital cameras on a daily basis during almost all activities will require a basic knowledge of the use of the equipment, but most of all, a desire to further improve the use of technology.

Activities: shooting and photographing workshops, volunteer actions and other public events of the association and its partner organizations, making posters, flyers, GIFs, making videos to promote the association, working with young people, local communities, conducting interviews with young people about various topics, participating on volunteer actions, intercultural events and game night.

ABOUT ZAGOR...

Network of associations Zagor was founded on February 26th 2007 as a result of the initiative of youth associations in Krapina-Zagorje County. Zagor has 4 program areas: Program civil society development and inter-sector cooperation, Volunteer Program "VolontirAJMO", Program "Youth Center" and program Development of the association in the international context. Zagor lead a youth center, volunteer center and information center for young people and all interested citizens. We organize many activities, events, workshops, public actions and debates to strengthen the capacity of young people and to promote active citizenship.

Mission - activating, developing and using individual skills of young people in order to find new and effective solutions to social challenges.

ASK OUR CURRENT VOLUNTEER ABOUT EXPERIENCES :)

EVIN: "Since I have been here, I have met many great people, dared to try new things, and started to be more understanding. When I talked with people, I discovered new lives. When I look at my memories here, I feel so lucky. I learned that sometimes situations can be challenging, but after that, you become more knowledgeable and stronger."
